

GroundReport

GroundSure Commercial Launch... Two months on

August 2008

The GroundSure Commercial Launch on June 1st 2008 has now fully evolved into the most robust and fully comprehensive commercial offering, delivering tailored environmental risk management products and services to the legal, financial, property and corporate sectors.

GroundSure is continually striving to improve our service and offer the best commercial environmental reports in the market. We are delighted to provide customers with our improved and revised

commercial product suite which has been enhanced by offering an improved format, opinion, data content and Terms and Conditions.

GroundSure is the only historical mapping and environmental data provider to back up our service with a free technical helpline and team of in-house IEMA accredited consultants, who provide professional advice on environmental liability. Our advice is commercially focused and technically robust in the UK and internationally.

GroundSure is constantly evolving and stands by its core competencies by offering:

- **Significant experience providing environmental due diligence to the wider property market** – established and demonstrable track record assisting major investment and clearing banks in the UK and abroad.
- **Financial strength of GroundSure/Emap** – durable and robust risk advice and perpetuity of PI Insurance.
- **GroundSure universal risk assessment** – opinions presented with clear commentary for all stakeholders.
- **Only UK Environmental Consultancy with comprehensive in-house data** – most robust data, highest standards of data QA, unique ability to undertake property due diligence, consider large portfolios, etc.
- **GroundSure Environmental Consultants-** available to provide full range of environmental liability support.
- **Exceptional service levels / client support** – out of hours working; extranet download facilities; UK and international service.

For more information on GroundSure's highly intelligible, commercially astute

environmental solutions, please contact **01273 819500**, email info@groundsure.com or your Authorised Search Provider.

GroundSure is an operating company of Emap Limited
